

Yago de Melo Alves

WEB Developer

ABOUT ME

I have worked professionally with customer service and creating visual arts for marketing. A year ago I transitioned careers and have been working as a freelancer in fullstack development, however, with an emphasis on backend. My specialties are PHP and Javascript.

EXPERIENCE

Freelancer, Sergipe
Fullstack Developer
January 2023 - Present days

Project: **Weed Sistemas**

- The landpage consists of an intuitive and satisfying design that aims to convert received emails into sales..
- Technologies: **HTML**, **Css**, **Tailwind** and **PHP**.
